The Contemporary Congress

Synopsis

The Contemporary Congress offers a clear and concise introduction to legislative processes. Perfect as a brief core or supplementary text for undergraduate courses, the Sixth Edition constructs a comprehensive portrait of the U.S. Congress, from defining congressional structures and procedures to outlining the process of elections and analyzing presidential-congressional relations. With updated coverage of the most recent elections, Loomis and Schiller remain committed to providing a text that integrates academic studiesâ ”both modern and classicâ ”with the actual politics of Capitol Hill. Through the use of engaging examples in every chapter, The Contemporary Congress provides the most succinct and readable analysis of the politics behind the policy decisions made every day on the House and Senate floors.

Customer Reviews

Burdett A. Loomis is Professor of political science at the University of Kansas. Aside from teaching courses on congressional politics, interest groups, and policy making, Loomis directs internship programs in Washington and Topeka. He has written on a variety of topics, including Congress, interest groups, state legislatures, and public policy, and he currently serves as coeditor of Interest Groups and Advocacy. Wendy J. Schiller is Professor of political science at Brown University. She served on the staffs of Senator Daniel Patrick Moynihan and Governor Mario Cuomo, and completed Fellowships at the Brookings Institution and Princeton University. She teaches courses on the American presidency, the American political process, and Congress and public policy.

Among books she has authored or coauthored are *Electing the Senate: Indirect Democracy Before the Seventeenth Amendment*, *Partners and Rivals: Representation in U.S. Senate Delegations*, and *Gateways to Democracy: An Introduction to American Government*.

Excellent new edition of a classic brief textbook. Since the paperback is text based and has few graphics, the Kindle edition is a good choice -- especially for those of us who left the well-marked up paperback on a plane! For part of a Presidency & Congress course, this is a good fit. There are fuller editions of competing textbooks for a full Congress course.

Needed this book for a class, it was received in good shape.
