Book is 4.25" wide and 5.75" wide. Glossy card stock that can be torn out of book. Stencils included are (as listed on each stencil): Giraffe Lion Polar Bear (I think that this could be any bear - it looks like the one on the CA state flag) Elephant Monkey Tiger Note that these stencils are maximized on the page for size. Meaning that the lion, monkey, and elephant, when drawn, will be the same size (approximately). The photo on the front shows that the monkey is smaller than the elephant (as in real life), but the actual stencil just maximizes the page size, so they'll end up being drawn as the same size.

These stencil books are probably hands down THE best bargain on . I bought 9 of them for painting onesies at a baby shower. So much more cost effective than other stencils I considered. Stencils

are done on thick stock paper and there wasn't one design that was at all disappointing. Would buy time and time again.

Used this for a Onesie and Bib station at a baby shower and they were a hit. Easy to use and the perfect size. There are 6 stencils in each booklet, they're perforated so you can take the booklet apart. The size of the stencil is about the size of a 4x6 pic and was the right size for our project. They are a coated card type material but were very durable as they were used by many people, many times. Would definitely purchase them and use them again.

Gift for my 7 yr. old niece, who I am told enjoyed it, along with the Crayola Air Marker Sprayer.

My grand-daughter loves to trace and she has used these over and over. They are nice and thick and hold up well. Each page is perforated so you can tear it out.

Good foe kids!

Bought every one of these little books that were available. They are small, about 1/4 the size of a standard sheet of paper. The inside is medium weight card stock and each page has one stencil. There are maybe 8 to 10 pages of stencils based on the book's theme in each book. Wouldn't use for a painting project, but I'm planning to turn them into fabric applique designs, and they will be perfect for that use.

My triplet grandsons age 5, loved them. They are at the age where they are starting to define their fine motor skills and enjoy tracing and stencils. Excellent skill builder.
