Rodney Frost is the author of *Making Mad Toys & Mechanical Marvels in Wood*, *Creative Kinetics*, and *The Nature of Woodworking*. He is a graduate of Brighton College of Art with a national diploma in design and a teaching certificate from the University of London and has appeared on the TV programs *In the Workshop*, *Canadian Gardening TV*, and *Hands over Time*. With *Making Whirligigs, Whimsies, and Folk Toys*, he continues his tradition of thoughtful and thorough designs, some old and some definitely never seen before. Rodney lives in Orillia, Ontario, where he sews clothes for himself, plays his euphonium, and wonders what's coming next.

Great ideas for your own creations.

grandkids to have.

The book is marvelous!!

Lots of great projects and how to make similar projects work as well. Concepts and methods are very useful.

I plan on giving some of these a try sooner rather than later.
