## **Synopsis**

A comprehensive, cohesive look at criminal evidence Â  Criminal Evidence provides a comprehensive legal framework of the rules of evidence, highlights key law enforcement issues in the field, and uses current, newsworthy headline cases to illustrate major points and generate student interest. While comprehensiveâ "coverage spans the historical evolution of American jurisprudence from inception to contemporary courtsâ "potentially complicated concepts are presented in a clear, reader-friendly manner. The text is organized to reinforce foundational concepts discussed in introductory courses prior to the presentation of sophisticated legal constructs Â  The Second Edition is completely updated and significantly expanded with nearly 40% more content than the previous edition, five new pedagogical tools per chapter, and the complete text of the Federal Rules of Evidence, Magna Carta, and the Bill of Rights.
