Irina Tweedie was born in Russia in 1907. With a background in Theosophy, she travelled to India where she met a Sufi Master. After his death in 1966, she returned to England and brought his teachings to the West. She passed away in London in 1999, and her work is being continued through The Golden Sufi Center in California.

I was led to Sufi forms of prayer and meditation by Mrs. Tweedie's successor Llewellyn Vaughn Lee whose own book *Bond of the Beloved* is to the say the least inspiring. I am still reading *Daughter of Fire* but was afraid I wouldn't be asked to review about it again. I read a few chapters every day. It is 800 pages long and I feel as if I am right there with her in the difficulties as well as the sweet moments of her training. The book is said to out of print but you can get it either used from as I did or order it from Vaughn Lee's Golden Sufi Center in California. This is a book for the ages.

A book for those who have been on the path awhile and understand the need for an inner life.

This book was like reading my own life, even though I had nothing in common with the outer

circumstances she spoke of. It draws you into your heart and opens a portal to begin life over again from the inside of your heart. Probably the best book I ever read and it began the spiritual journey for me. There are groups all over the world that have formed doing this meditation which leads to love, peace, growth, light and The Divine within.

Great Book!! Very helpful for someone like me that is on a deep spiritual journey. I felt like I walked with her through the entire book and in some parts of the book, she and I were the same. I thank God for this woman and people like her that write and leave such hope for those like myself. A Good Read for anyone searching for Truth.

How have I missed coming across this book for 40 years??? Like rolling in a bed of divine roses - thorns and all!

Irina is a dear soul. I haven't read her words but know, through her presence that as an entity, she reveals herself through the words; This title was a gift to one of my dearest friends. I do hope she finds it *ÀçÂ Â|* meaningful. Comforting.

Take this one in small bites...it is deep.

This book is wonderful. It gives deep insight into a world many people rarely experience or understand. The sensitivity and honest style of writing and description takes one on a travel into a world quite different from many. A true mystical journey.
