The Legal Environment Of Business, 11th Edition

Synopsis

THE LEGAL ENVIRONMENT OF BUSINESS provides a detailed practical introduction to the structure and function of the legal system from the perspective of the professional non-lawyer. Unlike other books it does not get bogged down in the complexities of the law, but tries to focus, in a very straightforward manner, on the core legal concepts most essential for business managers to know. Rather than conveying the material in the dry, serious manner of many other legal environment books, the text uses a reader-friendly style and frequent points of humor and levity to make it much easier for the key ideas to come across.

Customer Reviews

"As for a specific aspect of the book that particularly appeals to me, this would have to be the affable writing style that fills every chapter. The book is absolutely "reader friendly," the best that I have found among the legal environment competitors."- Jack E. Karns, East Carolina University
"I fully intend to propose the 11th edition for the Business Law courses here. I've been using Prof. Meiners' textbook for my entire teaching career, occasionally reviewing others, but coming back to this one. For our students, this has been close to ideal."- John King, Concordia University--Texas

Roger Meiners is the Goolsby-Rosenthal Chair in the College of Business at the University of Texas at Arlington, where he teaches Legal Environment of Business. Al Ringleb is Executive Director of the Consortium of Universities for International Studies, University of Iowa, Tippie College of Business. Frances L. Edwards is an Associate Professor of Legal Studies in the College of Business

and Behavioral Studies at Clemson University.

I loved this class. This book helped me understand more about my major. Thanks

Needed for college.

It was the book I expected and was in excellent condition

Great for school

thanks

UG text. The subject can be quite interesting, but the UG probably are not up for the fun stuff. Oh well some day the students will start getting better again.

Good book. I learned a lot of useful information. So much so that I didn't sell the book after the class ended. It only got 3 stars because I found not having online study resources annoying.

I ordered the wrong book
