Yard & Garden Furniture: Plans And Step-by-Step Projects

Synopsis

Whether a homeowner prefers the sleek lines of an Adirondack chair and table, or the sturdy scissors of a family picnic table, Yard & Garden Furniture has a project to suit his or her tastes and needs. There are twenty projects in all, each with a complete parts list, cutting plans, exploded assembly views, and step-by-step how-to photos. For novice woodworkers, there are simple projects such as a planted bench and basic garden bench. But the book also includes more challenging pieces, including deck chairs and a porch rocker.

"....stands out for its clear instruction and comprehensive approach..."--Woodshop News

Whether you prefer the sleek lines of an Adorondack chair and table, or the sturdy scissors of a family picnic table, Yard & Garden Furniture has a project to suit your tastes and needs. There are 20 projects in all, each with a complete parts list, cutting plans, exploded assembly views, and step-by-step how-to photos. The projects include:- Porch rocker- Deck table and chairs- Planter bench- Tree bench- Recliner- Hammock stand

Perfect item. Thank you

We had checked this book out of the library and decided we had to make it a part of our library. The projects are great and well explained.

This book has great visuals (pics, tables, and diagrams). It has a shopping list for each project and offers tips and alternatives as well. I'm sort of new to woodworking, so some of the techniques aren't spelled out in as much detail as I need, but that's my fault not the book's.

I found the instructions to be very easy to follow, and crystal clear on the important points. A couple of the projects called for materials that are simply too difficult to find in my area, like 16-foot lengths of 2x. I know it exists, but when you're looking for something to make "furniture" you need better stuff than framing lumber. So, you're off to a specialty lumber yard, which isn't open after work hours, etc. So, 4 stars for a variety of projects and clarity of instructions then.

This was a fairly good book, with enough details. However, the the chair pictured on the front did not have correct angles and had to be adjusted. Directions were easy to follow, and the matching table was easy to make.

Great ideas

Easy to follow and looks good
