This cookbook is perfect for anyone looking to make an impressive recipe from simple ingredients and tasks. I highly recommend it if you are looking to learn more about pairing each meal with wine. As a novice in the kitchen, this cookbook has really made me look entirely too good. The pairings are absolutely dead on and every recipe is delicious down to the last savory bite. I have cooked about half of the recipes from the book and have been impressed with them all-- it has made planning meals for the week so much fun! I recommend the Fish Burgers with Mint and Napa Cabbage Slaw, Curried Chicken and Avocado Salad, Lamb Burgers with Feta Sauce, Chicken Cocoa Vin, Merlot Braised Lamb Shanks and Gorgonzola Polenta... you really could not go wrong with any recipe from this book! I also highly recommend the 100 Perfect Pairings: Small Bites!

Simplicity of recipes with good ingredients. I like that the wines are posted first. No need to search for pairings. It's done for you. For anyone who likes good wine and enjoys cooking, this is a good book. I received this book as a birthday gift, and quickly ordered two more for gifts to family members who enjoy good wine and cooking.

I had the pleasure of taking a cooking class with the Chef and bought her books after the class. Great recipes and good pairing suggestions.

I took a class from Jill and immediately ordered these two books.....I think I was still in the class when ordering it on line. They are great recipes, easy to prepare, and leave you time to enjoy your guests! What else could you ask for! Try them!

I like the small size of this book, the explanation of wine pairings, and of course the recipes. I recommend it to anyone getting started with how wine pairs with food.

Jill encourages the reader to have fun. In this book as the previous small plates book, the book divided into pairings with foods that are natural matches. There are great hints for tweaks to make pairings work even better. I've given copies as gifts to people who are thrilled with their results.

easy purchase thanks for the service, your product works as advertised and looks and works well. I will make future purchase with complete confidence.

Have you ever had a crush on a book? Don't laugh but I have a crush on this book. It is gorgeous, smart, well-written, and has spectacular pictures. See? Crush!!Jill Hough, in her follow up to "100 perfect pairings: Small plates to enjoy with the wines you love" has written a well-thoughtout book "100 perfect pairings: Main dishes to enjoy with wines you love."So I have to admit that usually when books show up that have a wine element, I am very hesitant to open them. I don't know a lot about wine and many books make me feel like I know even less! But Jill's book did not intimidate me, in fact, the friendly nature of the writing made me want to read more.Now, the dishes.. really are wonderful.Her tilapia with gazpacho has become a big hit with my family! The skillet roasted chicken breast with lavender was another hit in our house!! I look forward to cooking more from her book.
