Customer Reviews

Not only do they cover the material well, and focus on the relevant elements, but they are actually pretty funny doing it. Easy to listen to, and West has a good hornbook by the same folks that makes a great companion. Well worth it.

Made bankruptcy enjoyable. One of the better in the Sum & Substance series. I wouldn't hesitate to buy if you find audio lectures as helpful as I do.

Did really well in this class, which I credit to this product.

Professor Nickles please stop smacking your lips. Are you eating soup throughout this recording? Almost unlistenable due to said mouth noises.

I have listened to several Sum and Substance audio books, and this is one of the better ones. I was hesitant to buy the more recent version (2013) as it was a bit more pricey, but it does reflect recent

changes in the bankruptcy code. Only wish the handout could be better formatted, as I had to correct some formatting errors to the word document.
