Customer Reviews

The iconic BETTER HOMES AND GARDENS brand is one of America's most trusted sources for information on cooking, gardening, home improvement, home design, decorating, and crafting. Today, the brand encompasses books, magazines, and digital media.

I first found this book in the local library. I loved it so much I decided I wanted to buy it for myself so I

could always utilize the great information. It has accurate pictures, correct zones, watering, shade/sun, size, habitat, etc.

Excellent resource for perennials. I especially needed a good reference for shade-loving plants, and I prefer planting perennials. This book has all the suggestions/recommendations for my particular garden spot.

I saw this book in HD but didn't want to spend full price on it. Trusty to the rescue, got a great deal on a book that gives me all the info I'm looking for. 1st time home buyer with a yard in desperate need of TLC. Perennials are for me and this book gives me light vs. shade and layout ideas. Looking forward to this summer.

Great buy

Excellent.

Very informative on Perennial gardening.

This is a good basic reference book and I tend to read and leaf through it every few months. I enjoy having it around when I am trying to plan my gardens.

It's been helpful this year, particularly to identify an unknown perennial in one of the beds.
