Customer Reviews

My grandkids and I started working with the recipes found in this book. At first we thought these were kind of fun, but the more we made the more fun we had. Now we can say we had lots of fun with this book and we love this book. We highly recommend this book to everyone.

I LOVED THIS BOOK!! The recipes in this book were so spooky and SO easy to make! Some of these ideas blew my mind, and my kid's minds too! My kiddos LOVED the Dragon Dish and the Yummy Mummy, and they are harassing me every day to make a new one. The good thing is that lots of these recipes are healthy, and my kids really don't "realize" they are eating something good

for them....because its so fun. Now the kids are yelling at me to go to the store for apples so that they can make the Wild Apples that look like yucky monster teeth! Thanks for this great little recipe book!

While the recipes in this book are cute, and some worth trying, if you are a native English-speaker, you will have trouble deciphering what exactly is in the recipes. Whoever wrote this clearly isn't familiar enough with the English language. "Oysters" are frequently recommended---I think they mean "olives," but I can't be sure. And what is "peach crush?" Or "crushes?" In at least one place, "cream cheese" is listed, but the picture clearly shows shredded cheese. Better to work from the pictures, and good luck with that. Glad this was only 99 cents, otherwise I'd be really annoyed.

I was looking for some fun treats that I could make for my Halloween party this year. I want to jazz it up a bit. I saw this book and loved the price. I found the recipes to be simple and easy to follow. I will definitely be making some of the dishes in this book.

nothing you cant' get online . for free.
