Great book for bread maker!

Highly recommended !

I have other recipe books, but they can not compare to the Top 50 Best Bread Machine Recipe book. I am amazed at the recipes in this book !

Love this book...lots of great recipes. If you don't have room for big cookbooks or lots of cookbooks, this is the one to get. And the author has a good sense of humor too.

Are you serious, this book has nothing in it...A little tiny book, with 50 pages, recycled paper, fine print, (you can hardly read) several pages have one line of print on them...I guess that makes the book look better for more pages. I do not think I will ever use this booklet...
