incense for companies and individuals. Since 2000, she has taught many workshops on how to utilize essential oils in magical applications, along with tarot reading and incense making. She follows an eclectic spiritual path that incorporates Native American beliefs and voodoo, and manages an online store that sells incense, oils, and other products.

This is by far the best book ever written on the subject of oils in thw magical setting. I have read scores of books on this very subject & this is hands down the best of them all! The format is user friendly & the cover is very nice too. A must have!

Wow, this is a very large book and full of formulas. I would have liked to see more about responses to expect, how do other women respond to you if you're wearing a "Come to me" blend? I'm very happy I bought it and it was a great price, fast shipping!

I love love love this book! There are SO many recipes that I have to stop myself from making them all. This book definitely belongs in EVERYONE's magickal library!

Mahalo Nui Loa (Thank you very much)

This book is great for Super fast magical formulations when you don't want to read through all the hoopla lol. So good for an experienced person. Excellent Read

One of my all time favorite books. If you have any interest at all in making potions, oils or brews, you need this book. Even if you don't want to use someone elses recipes, you could use this book to come up with your own. Everything I have made using this book has been very effective and smells delicious.

Awesome book, arrived in perfect condition.

Good reference book. Lots of interesting formulas to share with my aromatherapy friends.
