Questions & Answers: Business Associations

Synopsis

Understand better what you're learning in Business Organizations, Corporations, or Agency and Partnership class and prepare effectively for exams by applying concepts as you learn them. This study guide includes over 190 multiple-choice and short-answer questions arranged topically for ease of use during the semester, plus an additional set of 28 questions comprising a comprehensive "practice exam." For each multiple-choice question, Professor Branson provides a detailed answer that indicates which of four options is the best answer and explains thoroughly why that option is better than the other three options. Each short-answer question is designed to be answered in fifteen minutes or less. For these questions, Professor Branson provides a thoughtful, comprehensive, yet brief model answer.

Book Information

Series: Questions & Answers

Perfect Paperback: 356 pages

Publisher: LexisNexis; Second edition (December 15, 2011)

Language: English

ISBN-10: 1422490858

ISBN-13: 978-1422490853

Customer Reviews

It's REALLY only good for the MBCA, and I'm not sure why the book organizes itself that way. It will say "in some jurisdictions, ..." but not say in what jurisdictions. Enough companies incorporate in Delaware - what's the big deal with mentioning the DGCL? The book also does this annoying thing of say, Answer B is right, but Answer C is also correct. D is not the rule in most jurisdictions, but would be in Delaware (see x case). Frankly I disagree with some of the answers. But it gets three stars for value.

Complete and total waste of money. It is exceedingly bare on questions and answers. There's only

one or two questions per topic, and the answers usually only include the most surface possibility. One answer in particular entirely ignored some sub-issues while only putting in a stock answer that addressed one of the many issues implied by the questions. They also completely ignore agency relationship law, even though that was a third of my class, and is a topic covered in most business association classes. It'd be one thing if this were a couple bucks but it's \$10 for a book that may give me 20 minutes worth of helpful review.

The hypos in this question were helpful in exam prep, but I would not buy the electronic version. In hardcopy this book series is easy to flip from the questions to the answers. Electronically there were no direct links from the end of the question to the answers, so it was a pain to go back and forth.

The questions are very basic and don't specifically refer to RUPA, RULLCA, MBCA, DGCL, etc. There are a lot of questions that are along the lines of "what sort of stuff would you advise a client about?" That may be alright in some circumstances, but my experience is that this is too elementary for a law school class. OK if you just want a very general review, but not truly useful.

I bought this with hopes that it would help me pass my BA finals (since I hadn't learned a thing in class). My exam was multiple choice, so I figured at the very least it would help me practice taking tests. Worth the purchase. I worked my way through the entire book and the answers were so thorough! The explanations helped to clarify and explain questions I didn't know I had. The only complaint was that there was not a large enough focus on Delaware law. Totally worth the \$20.

Didn't have anything on agency and LLP and LLLP coverage was scant but not bad otherwise, good explanations. Very RUPA and ULPA 2001 focused

This book saved me in studying for the final. It really helps in test preparation. Good explanations for each question.

Wouldn't get this book necessarily if taking a corporations class that focuses on Delaware law. This covers a lot ground, but doesn't have that much depth.
