## Customer Reviews

I really love the Gooseberry Patch Cookbooks. There are recipes I actually will make. There are recipes from folks just like you and me that are time and tested by their families with ingredients you probably have in your home. Imagine that. They are not complicated recipes. Nothing is more frustrating than to spend your hard earned money on something you won't use. Some recipes I liked are the Taco Peppers, Ham & Corn Chowder, Slow Cook Pork Chop Dinner, Butterscotch Cherry Cookies, Poppy Seed Cake, and Creamy Cranberry Salald. There is something for everyone.

Love this series of cookbooks! This one has a wide variety of recipes from appetizers to soups and quick meals. These cooks know what we need! Quick simple good to eat meals for a busy family!

EXCELLENT cookbook. Very user friendly. Shipped quickly and with care.

It was a gift for my daughter who LOVES Gooseberry, and she loves the book! She started cooking almost right away when she received the book! Everything is so GOOD! A person cannot go wrong when you purchase a Gooseberry cookbook!

gift

This cookbook is just packed full of the comforting memorable recipes that surround 'Autumn'. I bought it for the pumpkin pancake recipe and have now checked out every page and have many yum yum recipes that I will be trying out starting now and especially as those leaves start to fall. I love that Gooseberry has that nice wide spiral binding so the books stay open.

I liked all the different recipes. The cookbook was done well. I look forward to baking something soon. It is great.

It will take me a long time to try all of the recipes, but we have loved the ones that I have made. Most are pretty easy to make and I have most of the ingredients on hand all ready.
