Cute coloring book. ADULT ONLY!!

"Basic B*tch" includes 41 swear-filled pages that you definitely won't find in an average adult coloring book. Black paper adds a distinctive look to these pages. The skill level of the designs is in the middle ground of intricacy. I learned that I wasn't quite as up-to-date on my swear words because there were a couple I actually had to look up on Urban Dictionary. I was disappointed that the pages weren't perforated so you can't easily tear a page out to hang up on your fridge.

Who doesn't want a filthy coloring book to creatively express all your built up aggression? This book is perfect for that. I actually work with a population where I am constantly introducing new coping skills to them and I can't wait to give them a few pages of this book! My star rating falls within these guidelines: 5 Stars- I absolutely LOVE this product and would recommend it to others. It comes as or better than described. It is something that I will use and also something I would give to another when appropriate. I would be proud to talk about my ownership of this! 4 Stars- I really like this and I'm going to use it but there are some aspects of it that I don't LOVE whether it be a flaw, quality issue, assembly length/difficulty or just plain personal preference. This rating would indicate that it was adequately described by the seller and I received what I expected. It is a solid product and functions well. This is still something I would consider giving others. 3 Stars- This would be a mediocre "I could live with or without this" but I'll give it a try. 2 Stars- eh, maybe I regret this purchase. This would be given to something of poor quality, inaccurate description or something that isn't really useful not just for the purpose intended for whatever reason. I probably won't use this and I also wouldn't "gift" it to someone. 1 Star- I am completely unsatisfied with the purchase. This product is a waste of money, I would never use it and I would never give it to someone as a gift. As with all ratings, please know that personal preference plays a big role and read each one knowing that. When reviewing I try to be as honest and objective as possible as I rely on consumer reviews when purchasing. Please also note that 's rating scale does not allow "0" stars which may skew how "great" or "average" a product may be. As with all my reviews, if you have a specific question please don't hesitate to ask and I will do my best to answer!

This coloring book is so funny and cute! It was a gag gift for my mother and it won Christmas. It's full of all the bad words you know and it even will teach you a few more. It is perfect! Would definitely re order!

I love coloring books again and this one was no disappointment! The black pages are a great change from all my other books. I love it and I need more books like this. they really help with my

stress.

I have a bunch of adult oriented coloring books. This one has a lot of swear words. Lol I can't display my artwork anywhere because I have little ones here on occasion. My mom is in a nursing home and at Christmas, I gave her a regular adult coloring book and colored pencils. When she asked for another coloring book, I told her that all I had were this type. She wanted one and now she's coloring swear words to the delight of the staff! The drawings are nice and any medium can be used - gel pens, markers or colored pencils. This would make a nice addition to your adult collection.

This is in my top 5 favorite cuss words book. Because its designed on black paper, and with color with markers or colored pencils it gives a great pop to the picture. There is tons of awesome sayings, the designs are awesome, and there is over 40 pages of fun coloring. I did receive this item at a reduced price in exchange for my honest, unbiased review. All opinions are my own.

Awesome coloring book love that it's the black edition makes the colors stand out more very good for anxiety and stress relief for adults
