Spice Up Your Rice: A Rice Cookbook With Traditional And International Rice Recipes

Synopsis

Rice is great because it can be a quick and easy but hearty meal for the family, or it can be a nice meal when there are guests over. It can even be a light summer dish or dessert! In this rice cookbook there are rice recipes for every season and every situation whether it is dressed to impress in an easy but very presentable risotto or a rice salad that while easy to make is anything but a cold, simple and boring dish. There are rice recipes that can be done in the slow cooker and a great not to sweet dessert.

Customer Reviews

I have always loved the taste of rice. But since I have been using chicken and beef broth to cook it in the flavor has gone through the roof. With the recipes in this cookbook the flavor is now out of this world. Thank you and enjoy your meal and enjoy your day.

This man does not know English. This book is terrible. I do not believe the recipes to be good considering the huge amount of typos.
