I kind of wish Biggest Loser would get on the band wagon or Organic / Non Processed / Etc. It seem a lot of these and recipes in their other books have the "semi home made" kind of take, which requires using packaged/processed foods. I don't eat that garbage, so I have to modify recipes. I want cook books from scratch with real ingredients.

I received my book very quickly and in excellent condition. I love the book itself as it has pictures of the recipes and detailed information.

I bought these for a friend and he loves the recipes. I get to enjoy the taste factor. :) Fast service. Thank you.

I couldn't find coconut sugar at the store I shop at and other ingredients. I found the recipes to be impractical and donated the book to the library for it's book sale

Have yet to use. The desserts look easy to make

Have enjoyed this cookbook, great recipes that I have shared with several friends and family members, they have all enjoyed special treatment from me when I make new recipes.

Love this book - have 4 of Devin's cookbooks and all are great !!! Tons of recipes.

Quick ideas for food boredom when trying to watch what you eat.
