My sister is a court reporter and always has questions about the grammar markings when interpreting from spoken speech to written dialogue. This book is the best explanation. The book arrived brand new and will last her many years in her career!

I'm studying to be a scopist, and this book has everything I need to know about the issues of grammar, punctuation, and style. I love that it is spiral bound! Pretty easy to find what you're looking for too. If you are going to make court reporting or scoping your career, this is not a mistake. It will prove invaluable to your field.

I have been a transcriber for many years but there are always questions that come up. This book has been extremely helpful from a grammatical and a transcribers point of view.

One of the greatest books a court reporter could own

I use this every day for school. It's set up a but differently than other guides, but once you get it, you

get it. I really like the practice sections.

Great book for just checking anything...grammar, punctuation, etc... Not just for Court Reporters but everybody needs to have a great English Guide and this is the one! Thanks so much!

great book to improve writing

Great book in excellent condition
