147 Things: My User's Guide To The Universe, From Black Holes To Bellybuttons

Synopsis

From YouTube superstar, TV presenter, model and fact-obsessive oversharer Jim Chapman comes a hilarious user's guide to the universe. In 147 Things, Jim takes us on a whistle-stop tour of the best bits of everything, from the mind-blowing to the ridiculous. As with his videos, no subject is off-limits and he'll lift the lid on his life and his relationships, sharing embarrassing stories and things he's learnt along the way. If you've ever felt weirded out by the fact we're seven billion (mostly) hairless apes spinning around a giant ball of flaming gas, or that we all begin as tiny humans INSIDE our mothers, or that many of us keep slightly-less-dangerous wolves in our homes, then you need this book in your life. Jim wants to inspire you with the sheer unlikelihood of us all being here and equip you to feel just a little less overwhelmed by the small stuff
