Customer Reviews

"My reaction to this textbook is very favorable. It was a great review of legal concepts and I can see students enjoying this book. It is well-written and straightforward; it is a high-quality product. If I had to recommend a book for paralegal students, this would be near the top of my list."

Excellent condition, very useful for my class and is a book that will be useful throughout my law career. Worth the cost

This is a very easy read and is full of useful information. I had read other reviews before purchasing

it and agree that this is a great reference book to keep handy, especially for the rest of my law classes.

Helpful Textbook Teacher pulled directly from the book

This is an excellent introduction to law. Although it was overpriced, in my opinion, there is a substantial amount of knowledge to be learned within its pages. I thought about selling it, but it's too good to let go.

Received what I expected.

Gently used text book. Enjoyed it actually. Read it cover to cover for my Law and Public Policy class.

While taking my class I was able to search for keywords while using my kindle. It helped me when I didn't have time to read an entire chapter.

Very clean copy. Arrived when it said it would. Thank you
