Customer Reviews

I bought these for our Bible class and it has been very interesting to learn about the cults.

Well done and helpful analysis of major doctrinal errors in popular religions

Excellent book, well researched and easy to understand.

This is a big book. 729 pages long. Too many cults to list. Some just cover what they believe, other major ones they give more info on. You can find this book reasonably priced. I am glad to have it in my collection.

It's a good reference book.

excellent resource to aid in my Bible studies.

Great reference

This encyclopedia features John Weldon's research into pagan and other non-Christian religious groups. As always, John Weldon brings the 'welder's torch' to the ideas and nature of various non-Christian groups. The text is carefully thought through and reflects the thoroughness of John Weldon's research. A very useful book for any believing Christian's bookshelf.
