Synopsis

The definitive book on Tasha Tudor's art with more than 150 of her finest paintings & drawings culled from 10,000 pieces of art & an informative biographical text. This retrospective look at Tasha Tudor's art is the culmination of Harry Davis' work of the past decade, recording the observations & compiling the art of the renowned author & illustrator. The book includes well-known as well as lesser-known images. Drawing from thousands of pieces that Tudor has produced over her long career, Davis has chosen the best examples - some well-known, some never before published - which he illuminates through his accompanying text.

A wonderful book and arrived in great condition!!!! So happy to have this in my library and will read over again! Thanks for your speedy service also!

The pictures alone are worth the price of the book. This will definitely get you in the Christmas spirit!

This is one of my favorite Tasha Tudor books. I bought this one for a friend and am going to purchase another one for my sister for her birthday. Great pictures.

Since I love everything by Tasha I was so happy to find this book. I felt as though I was there with her. Since I live in New England I can relate to the weather, the coziness of being inside doing something fun like the making of cookies, cakes, wreaths, etc. I will refer to this book many times as I do to the others of hers that I have. I wish I had known her.

Fun book

Tasha Tudor is such an inspiration; love the stories and pictures
