Gender & Law: Theory Doctrine & Commentary, Sixth Edition (Aspen Casebooks)

Synopsis

Gender and Law: Theory, Doctrine, Commentary, Sixth Edition focuses on all gendered aspects of American law, exploring the historical, comparative, statutory, constitutional, and theoretical dimensions of law's regulation of sexuality and gender. Topics covered can include the nature and attainability of equality, employment law, education and athletics, pregnancy, family, rape, sexual harassment, reproductive control, prostitution, pornography, lesbian/gay/transgender issues, and relevant natural law, economic, feminist, and LGBT theory. Key features for the 6th Edition: Proving systemic discrimination after *Dukes v. Walmart*. State activity on gay marriage, challenges to the Defense of Marriage Act, repeal of Don't Ask/Don't Tell, and LGBT rights issues. Developments in the law and politics of abortion and reproduction. Gender equity under healthcare reform. Sex and technology, including sexting, advances in reproductive technology, and social media harassment. Developments in pregnancy and caretaker discrimination. Updates on pay equity issues, including equal pay after *Ledbetter v. Goodyear Tire & Rubber Co.* and the Lilly Ledbetter Fair Pay Act. Updates in the social science of single-sex education and new federal regulations on single-sex public education. Expanded coverage of sexual harassment, domestic violence, international trafficking, the Violence Against Women Act, and other issues relating to abuse of women. New problems based on recent actual fact patterns.

Customer Reviews

I bought this for my women and the law class and the editing is pretty good with nice footnotes. The

book came in great condition.

No a fan of this book. using it for class. very repetitive.

product was as described.

Probably biased because Prof Bartlett is my professor but it does a good job at looking at the theories (I would say sociology) undergirding the case law. The book focuses on values that generate the conclusions reached in the cases and then provides opportunities for the reader to apply them in great sample problems within each section. Highly recommended.
