Customer Reviews

This was an excellent book. I've been a member of Eckankar for over 20 years, as well as follow some of the other spiritual paths that all fall under the same umbrella: Paths of Light and Sound (L&S). There are many different paths that follow L&S, so to choose which is right for you: follow the one that resonates best with your person. And yes, that can change over time, which is okay. And no, you don't need to know all the terminology to go far within this path - I'm a living, breathing example of this, and yet, it hasn't hampered my Astral (OBE) experiences in the least. Lately, I've been enjoying a master's talks on Sant Mat - another soul travel path utilizing L&S - by watching

and listening to IshwarPuriJiSantMat talks on *theyoutube. *Purposefully written this way so doesn't delete the reference. And for whichever path you choose, happy travels! Astral and Soul Travel are very real, so I hope all that's reading my review pursues this endeavor. One more thing: Remember, these paths are not religious paths (okay, maybe they are registered that way for tax purposes), so you can continue to follow your religious path, yet still enhance your spiritual experiences with an L&S spiritual path.

Great reference for spiritual terms. I use this frequently to get more insight into a word or term I want more insight into. Handy when doing research prior to doing a soul travel exercise.

Esoteric dictionary is a bit of a contradiction, of course. However here is one specifically designed for members of Eckankar, even so designed, it will help anyone interested in spiritual studies to get a firm foundation. I highly recommend this book for all sorts of spiritually inclined individuals.

I like this book and all books by this author. you have to read books like this to appreciate what this is all about. I was and am trying again to become a eckcankar member again. it is all about what you already know but it explains it better for you to understand. it makes you feel good and want to read more. plus you experiance things you could only imagine before. thanks for reading this.

I love this valuable spiritual reference book!

if you are a seeker of god its a good lecture book

The definitive book on this topic. It helps clarify terms that even long time ECKists may be fuzzy on.

Great
