Autobiography Of A Modern Prophet

Synopsis

It's 1970. A dark Wisconsin night. A once-shy farm boy, now in his twenties, stands on a bridge over a river. He's left the farm, studied for the clergy, and done a stint in the air force. He's a proofreader now. He's seen faraway places, but tonight he's in Wisconsin overlooking the dark water. He's about to see the face of God, to become a God-Realized man. From this momentous turning point, Harold Klemp's life would never be the same. His incredible experience that night was simply a prelude to a time of testing, humbling, cleansing, yet blessed experience with the Light and Sound of God. He would emerge as the spiritual leader and modern-day prophet of Eckankar. This is his spiritual autobiography. "This book," he says, "is about God-Realization and the myths that surround the highest state of spiritual realization known to mankind. The first and greatest illusion is that once God-Realization is attained, the battle for higher consciousness is forever won. This oversimplifies things. . . ." "The hard part came after God-Realization. Now I had to return to the problems of life and confront them. The specter of God's haunting love was always with me. . . . It carried me beyond the pleasant cooing of belief and faith, thrusting me into a brilliant world of light shorn of all illusion." If a shy Wisconsin farm boy can master his spiritual destiny, why can't we? According to Gallup, 82% of those polled in America alone want to experience spiritual growth. Believe it or not, it is your destiny to discover your godlike nature, your spiritual greatness. "Tucked away in the hidden places of this book are clues as to how you too may reach the glories of God," says Klemp. "Now come with me on my journey."

A real interesting read into the journey of Harold Klemp as he discovers his mission in this life time to become a co-worker with God and also become the Spiritual leader of Eckankar. I believe the insights gained from reading this book will provide anyone a simple and practical insights into how one can also discover his own relationship with Holy Spirit as one can easily draw parallel with some of Harold's experiences. I urge anyone slightly interested in finding out more about the Spiritual significance of certain events in their lives to give this book a read.

I thoroughly enjoyed this book. Some parts of it seemed a bit far-fetched even for me who has an open mind and has read many similar books in the past. I don't think it will prompt me to go out and join Eckankar but it was a good introduction to that group and what they believe.

Very interesting and uplifting.

This is an open revealing candid look at the author, and his spiritual journey. He answers all anyone would ever want to know. Through his illuminating experiences you may find keys to your own spiritual greatness. He writes, "Along the way, I was learning that Divine Spirit will give us all we need." and "It is up to you to separate the bare threads of illusion from the golden ones of truth. Now come with me on my journey". It is indeed some journey as he shares how God's Love works, the mystery behind salvation, opening of the spiritual eye, fate's unseen hand, and the existence of spiritual teachers, guides, Masters. This is a no-holds barred, painfully honest book. Sri Harold has left no stone unturned. Akin to Lao Tzu's, "The Way of Life", and Galil Gibran's, "The Prophet". and Paul Twitchell's, "Stranger By The River", this book may inspire you to open your own inner doorway to God. It is a profound and loving treatise. Earn your spiritual wings everyday? Always another step in spiritual unfoldment? Are you ready to face yourself and master your spiritual destiny? Then this is the book for you.

An Eckankar book to go along with members belief. I was a member in my younger years and found it as a useful stepping stone.

best book to read

Good enough for me. HUUU... Eckankar.

Save your money on this book! The entire book of "Child in the Wilderness" is in this so called Autobiography (including the introduction). The rest of the book contains excerpts from "Soul Travelers of the Far Country." There is nothing new here, and Klemp makes it very difficult to sort times, places, and people out. I think Klemp graduated from high school in 1960, and may have two or three brothers and a sister. Nothing is forthcoming and piecing people and events together is difficult since he jumps from past to future often. This seems like a deliberate attempt to confuse people much as Twitchell did through his distortions of truth. In this year 2000 rewrite Klemp still expounds that Eckankar and the Mahanta are not only greater than ALL of the other religions of the world and their prophets and saviors, but also of their GOD (pgs.385-386)! The GOD of the other religions of the world resides on the Mental (4th) Plane while the Mahanta (Klemp) resides at a level of consciousness on the 14th plus Planes. However, the religion of Native Americans and of the "Pentecostal movement" and other emotional or 'heart religions' reside on the Astral (2nd) Plane. The only new thing I saw was on page 455 where Klemp says, "Peddar Zaskq, like the Yavata..." Yavata refers to an Eck (Eckankar) Master teaching on the Inner Planes. Klemp goes against his own missionary teaching advice by not using "common language" with the public. There was no need to use this word. Anyway, Klemp has an opportunity to say something new and different, but goes to the past to recycle old dogma. This book is a fraud when it states that it is an "Autobiography!"
