Customer Reviews

I read Mr. Winters first three books in the Jessie Black series and enjoyed them thoroughly so my expectations for this one were quite high. I am happy to report that my expectations were more than satisfied. In this book, the main character Jessie Black left her normal role as a prosecuting attorney and was initially quite uncomfortable with this and was loathe to take it on. The book is full of twists and turns and kept me wondering until the end. My definition of a great book is that it kept me up past my bed time and this one did two nights in a row. Larry Winters is a talented writer and I fully intend to follow Jessie in any future stories.

A prosecutor prosecutes and an ex-detective still detects. Put them together and you get an awesome team, even if they aren't aware that they are working together. FYI: Just because your cohorts call you "Full-of-shit Fulco" doesn't mean you have to act that way. I enjoyed this book and recommend it.

Love this book. It may have taken awhile but it is so worth the wait for this new Jessie Black Legal Thriller. She is back in full force! There are so many twist and turns. Mr. Winters weaves quite the tail that makes us fall in love with Jess all over again. If you haven't done so, go get the first three and gave a great time

Once again I was thrilled with Jessie Black. I have read the entire series. Absolutely loved all of them. I could not put this book down. I highly recommend this series if you are a fan of mystery and legal thrillers. Hope there are more to follow.

Jessie Black is my new fictional hero. I have all four of these books and I can't wait for the next one. I recommend reading them in order which I plan to do frequently. Wonderful characters and great story lines.

As always my expectations for a story that kept me reading until much too late and a plot that was that mix of the background of police investigation and courtroom drama. Just couldn't put it down.

I finished the series and hope it will continue now that some of the dynamics have changed. Jessie is a believable and interesting character. Smart and dedicated to her calling.

I highly recommend this book. Larry Winters is a gifted writer. That is why I gave the book 5 stars. He has several other books. I would recommend them also.
