# Untouchable: A Chillingly Dark Psychological Thriller

## Synopsis

A Conspiracy. A cover-up. And a whistle-blower who knows too much. You think you know who to trust? You're wrong. And the truth may kill you...Untouchable is a chillingly dark No 1 Bestseller and a 2017 International Thriller Writers Award Finalist.~~ Inspired by real UK police investigations, this book contains scenes which some readers may find disturbing ~~It's Maya and Jamie's anniversary, and she waits with excitement for him to return home for a celebratory dinner. There's a knock at the door. It's the police. Jamie has been found hanging in a local wood. His death is ruled a suicide, but Maya doesn't believe Jamie would take his own life. Something isn't right. Someone has broken into her house. Someone is watching her. And someone has gone to great lengths to cover up what Jamie was doing before he died. Maya's grief turns to suspicion, and as she begins to investigate the weeks leading up to Jamie's death, her trail leads her to a place known as "The Big House" and the horrific secrets within. Secrets people will stop at nothing to keep hidden. People linked to the heart of the Establishment who think they're untouchable. Now Maya has a dangerous decision to make. How far is she prepared to go to reveal the truth?"Disturbing, compelling, brilliantly-written tale of abuse and revenge." ~ Mark Edwards, Bestselling Author of Follow You Home"Riveting, unsettling and full of tension. Untouchable is a book that will stay with you after reading it." ~ Bibliophile Book Club"A fast paced intense thriller that will sometimes make you gasp, cringe, make your jaw drop to the floor. ~ Read Along With Sue Book Blog"Untouchable will be a book that remains with me forever. 5 huge stars and long-listed for my Top Ten Books of 2016." ~ Booklover Catlady"This was such a gripping page-turner that I wanted to stay up all night reading. ## Customer Reviews

A difficult book to read in that it deals with dark and disturbing issues. Hodge has done an excellent job at steering the reader through this without relying on sensation or being overly macabre. There is a sense of watching a train wreck; of knowing what's going to happen but being as powerless as the characters to stop it. Great characters, great sense of place and a plot that, while seeming to be obvious, delivers some unexpected twists and turns. I did think the author had overstepped the mark about mid-way through the book when she introduces the secret-society conspiracy cabal that is often over used but she perseveres and managed to make it all too credible within a chapter or so. Not something to read as a light snack before bed but definitely worth a read.

I am not squeamish but I had to put this down a few times. Even though there is no graphic details there is enough for your imagination to fill in some horrible blanks. The story is well told and the characters are well developed and relatable. If you can't handle reading about child abuse and neglect this book is not for you. If you can handle it then I recommend it.

I may not have read this if I knew what it was about. But it was thrilling and worth every bit of effort. The topic may be "dark" but following the story brings you back into the light . It was wonderfully written compelling you to keep reading . Great characters, smart plot lines that weave around you

as you read. I'll want to read more from this author!

Really well written, couldn't put it down, highly recommend

A real page turner from start to finish. I will definitely be reading more of Sibel Hodge's book. If you like "on the edge of your seat" type mysteries, this is a book for you.

A well written plot that pulls you in and keeps you reading to see how it will conclude but many times I almost stopped. The story of the horrific child abuse was so disturbing it makes your stomach sick. The images and cruelty depicted in the story are so very disturbing. Although a fictional story the author was inspired by actual investigations of child abuse in orphanages in the UK. Beware this book is not one that will let you forget and is not a pleasurable read.

I was able to get this book free, so despite not being familiar with the author, I gave it a read. I'm so glad I did. I like how the storyline is shared among the main characters, personalizing the story with each perspective. The author handles the topic of child abuse without going into salacious detail, which I appreciate. I found the storyline, which focuses on the ability of the rich and powerful to do anything they please, convincing and believable. I definitely recommend this book to other readers.

UNTOUCHABLE by Sibel Hodge, the bestselling author of LOOK BEHIND YOU, is an amazing dark psychological thriller that will grip you totally from beginning until the end, stirring up every emotion along the way. This book contains scenes which some readers may find disturbing but needs to be told. Sibel Hodge has taken on a horrifying subject matter, one of child-abuse and brought it to the forefront. I recognize that this must have been a very difficult book to write, but must have been one that she felt needed more exposure, to raise the awareness and give survivors a voice. This is not light reading, but it is a well-written story that needs to be told. It's Maya and Jamie's anniversary, and she waits with excitement for him to return home for a celebratory dinner. There's a knock at the door. It's the police. Jamie has been found hanging in a local wood. No. They're wrong! It's not Jamie. It's not! It can't be. His death is ruled a suicide, but Maya doesn't believe Jamie would take his own life. Something isn't right. Someone has broken into her house. Someone is watching her. And someone has gone to great lengths to cover up what Jamie was doing before he died. The POV alternates between Maya and Jamie, and we then follow Jamie giving us

background information on, how they met, his hopes and fears and plans for the future. Jamie had been keeping secrets right from the beginning from Maya. He was afraid that if he told her, she would leave him. But Maya's grief soon changes to suspicion, and she begins to investigate the time leading up to Jamie's death. She is determined to find out the truth but at what cost? She puts her own life in danger. She doesn't know who she can trust! I am not going to reveal any more about the plot to avoid spoilers. I voluntarily reviewed an Advance Reader Copy of this book. I wish to say thank you to Sibel Hodge who provided me with an advance copy of her novel. This book is available for pre-order now with a release date of 1st Sept, 2016. I recommend highly that you read this amazing novel! A well-deserved 5-Star rating from me.
