Beloved author and life-long gardener Louise Riotte passed away in 1998 at the age of 89. During her life, she wrote twelve books on gardening, companion planting, and garden lore, among them the ever-popular Carrots Love Tomatoes. Her father taught her how to practice astrology, while her mother was an herbalist. Together they greatly influenced her life and her books, including Roses

Love Garlic, Astrological Gardening, Sleeping with a Sunflower, Catfish Ponds & Lily Pads, and Raising Animals by the Moon. Riotte was an artist as well as a writer, and her own drawings appear in all of her books. She took great pride in her garden near her home in Ardmore, Oklahoma.

This book is great! Had to make a couple of modifications because of living in a really arid area in Australia, but it worked well!

I really needed this book. My Great Grannie used to grow the very best strawberries and I have been trying for years. This small book is packed full of great information to help me grow great strawberries.

could have been more detailed. its like a booklet not a book.

I didn't want something so big and detailed that it'd be intimidating, especially since I kill more flora that I grow. This little book has just enough info that I won't be tempted to go too large before I'm ready.

Good book

Geared toward the large grower, Lots of good tips. Good information, a good starting place for growers

Helpful guide. Fast Shipping. Would recommend this seller! Thanks!

This is a good quick read with to the point information and "how to". I haven't put the directions to work yet as it is December, but I will update this spring how well I did.
