Logical Reasoning: LSAT Strategy Guide, 4th Edition

Synopsis

A fresh, innovative, and streamlined approach to the LSAT, featuring techniques geared towards students aiming for top scores. Now with more practice problems and new online resources! Offering a new take on the LSAT logical reasoning section, the Manhattan Prep Logical Reasoning LSAT Strategy Guide is a must-have resource for any student preparing to take the exam. Containing the best of Manhattan Prep's expert strategies, this book will teach you how to untangle the web of LSAT logical reasoning questions confidently and efficiently. Avoiding an unwieldy and ineffective focus on memorizing sub-categories and steps, the Logical Reasoning LSAT Strategy Guide encourages a streamlined method that engages and improves your natural critical-thinking skills. Beginning with an effective approach to reading arguments and identifying answers, this book trains you to see through the clutter and recognize the core of an argument. It also arms you with the tools needed to pick apart the answer choices, offering in-depth explanations for every single answer – both correct and incorrect – leading to a complex understanding of this subtle section. Each chapter in the Logical Reasoning LSAT Strategy Guide uses real LSAT questions in drills and practice sets, with explanations that take you inside the mind of an LSAT expert as they work their way through the problem. Further practice sets and other additional resources are included online and can be accessed through the Manhattan Prep website. Used by itself or with other Manhattan Prep materials, the Logical Reasoning LSAT Strategy Guide will push you to your top score.

In 2000, Teach for America alumnus and Yale graduate Zeke Vanderhoek had a radical idea: students learn better from better teachers. His vision of what test prep could be if written and taught by great educators led him to start Manhattan Prep. Since we began, Manhattan Prep has grown from a boutique tutoring company to one of the world's leading test prep providers, offering GMAT, GRE, LSAT, ACT, and SAT courses and tutoring worldwide. We believe test prep should be real education. From our instructors to our materials, we work to teach you the skills you'll need to succeed on the test, in school, and beyond.

This book was one of the best resources I used (and I used a lot of them) in my LSAT prep. After reading this book and doing the practice suggested in the book, I took the LSAT in June 2015 and only missed four LR questions. I think this book is directly responsible for that.

The most underrated logical reasoning prep-book. Teaches you how to think for this section and questions are put into 4 main categories, making it much more streamlined than the popular Powerscore book.

Worth the money, any different perspectives you can get on the material has potential to make something click.

great book

They say "oh purchase the original because you won't be able to register the book to get the online help" The online assistance is garbage and this book is not that simple; buy the cheapest used one & don't waste your money buying original. It's so weird because attorneys I worked for want things as simple as can be, yet these guides are so complex. I'll try powerscore along with this and see if it's clearer.

Usable but barely passes the mark as a product fit for sale. Layout should be adjustable so that more fits on each page, otherwise you are stuck flipping back and forth between pages that were page broken without any consideration for continuation of thought. I mean, it is an electronic publication so using additional pages to improve the layout should not be a concern right? I would hate to think that the company intentionally did this to tease people into also buying the printed version but sadly this could be true given the cut and paste production quality. For 10 dollars I

expected much more than this. With this kind of crap, it is more likely for someone to figure out a way to reconfigure it and make the better version available for free on file sharing sites. Hopefully somebody at Manhattan will read this and provide free upgrades for purchasers.
