Customer Reviews

The recipes in this book really are fantastic from start to finish, every one that I have tried so far has turned out much better than I was originally anticipating. The book is obviously catered toward

thanksgiving oriented meals, but I've always had success with Jamie Stewart's books in the past and so I couldn't help but jump the gun and start trying out recipes so I know exactly what will be best for next thanksgiving's dinner (I know for a fact I'll be incorporating the rosemary garlic sweet potatoes). Another thing that I like is how well the recipes are easy to understand, I've never really had too many problems with cookbooks before but my daughter just started cooking a lot more recently and she doesn't seem to be having many issues whatsoever. For once I'm really looking forward to being the main cook next month because I think the simplicity of the recipes and the slow cooker itself will help ease some of the pressure of making a big dinner. Very happy!!

Holidays bring about a time when all I want is comfort food. The problem is that it normally takes so long to make, I don't have as much time to spend with my family. This is where pressure cookers and crock pots become our best friends. This book is filled with recipes like the classics but some have twists too, like the Brown Butter Potatoes with Herbs (delicious by the way). I also liked that the book is split up between appliances so that I can just flip through to section I want, depending on what I plan to use. Jamie Stewart always creates fabulous cookbooks and this is no exception. I love it!

I'm just learning how to use my Instant Pot so this has been a great reference for me. I'm looking forward to trying more recipes.

Learned some great tricks to keep Thanksgiving from being to stressful.

This book has great dump recipes if you want to make a delicious Thanksgiving dinner in a pressure cooker or slow cooker.

Okay, but find better iPot recipes online.

Didnt know this was on line!

Not what I expected. This is the cookbook that goes with the small pressure Coker & slow cooker you purchase from the mail order outfits "as seen on tv".
