BarCharts normally makes great products, but this one is useless. Few cases are discussed, and the sections confusingly tell you a rule, only to tell you a few lines down how it was changed by BAPCA. It's well past BAPCA's 2005 passage, and everyone's textbook has been updated by now. Unfortunately, nobody updated this product.

I used the Fed Income Tax BarCharts, which was extremely helpful for citing statute sections and key cases. However, this BarCharts for Bankruptcy was 50% longer and not nearly as helpful. It might be because of my particular class. I took the course with one of the author's of the widely-used Bankruptcy Law textbook, and we focused much on 1129 cram downs and 363 sales, which I found lacking in this supplement.

Honestly, at first, I couldn't see how ONE laminated PAGE (front and back) would be enough to sum up a whole course in a manner that would help me on my law school exam....but once I received it in the mail and started looking it over, my mind was changed, completely!! HIGHLY recommend for someone who wants a very concise guide that will help you pick out what's truly important in this subject vs. info that can be left out without causing any point reductions on exams.

I don't own a business but you never know. Chance favors the prepared mind!

Well organized. Has a lot of the main laws. Would've been better if each stated law noted which Â§ it was referring to.

Easy and accurate!

Came quickly, nice review.

Comprehensive
