If you want to understand what's happening today read this book

The book gives a thoughtful account of the American economy at the beginning of the 20th century.

This is an excellent book written almost 100 years ago. It is as though it was written in the past few years in view of what has taken place on Wall Street. Banks never lose their money they only lose "Your" money. Notice how the Government bails out the Banks? Print money, give it to the banks, then tax the people until they have it all back. Think About it for a Minute, where do banks get their money? From you, so it is your Money they lost.

Excellent! Explains a lot of the corrupt thinking that is very much alive today. A must read for every student and American.
