The Weighty Word Book

Synopsis

"[The Weighty Word Book] will appeal to kids who want to sound as smart as they are. It offers a clever, funny way to introduce new words into the vocabulary. . . . There's one word for every letter of the alphabet--wait until you see what they do with dogmatic, juxtapose and zealot."--The Gazette (Colorado Springs, Colorado) "Each of these twenty-six short stories takes an elaborate, circuitous path that leads to a 'weighty' one-word punch line. . . . It's a creative and humorous approach to vocabulary building, and a natural lead in to having students create their own tall tales with multisyllabic conclusions."--School Library Journal

Customer Reviews

[The Weighty Word Book] will appeal to kids who want to sound as smart as they are. It offers a clever, funny way to introduce new words into the vocabulary... There's one word for every letter of the alphabet - wait until you see what they do with dogmatic, juxtapose and zealot. - The Gazette (Colorado Springs, Colorado) "Each of these twenty-six short stories takes an elaborate, circuitous path that leads to a 'weighty' one-word punch line... It's a creative and humorous approach to vocabulary building, and a natural lead in to having students create their own tall tales with multisyllabic conclusions." - Library School Journal

"Each of these twenty-six short stories takes an elaborate, circuitous path that leads to a 'weighty'

one-word punch line."--School Library Journal

I found this a clever way to teach usable, "\$10-words" to kids (I'm guessing from about 9 or 10 years and older). I was especially impressed with the art work. But the inventive story-with-pun by which each word's definition is explained really WILL help kids (and adults, too, I'm sure), to learn-and-retain each word's meaning. It's the sort of book I'd have REALLY enjoyed back when I was 8-to-14. (But now, at 66, smiled periodically when reading, too!)

This is a book that everyone should have . I read it to my sixth grade students for 24 years! It was falling apart! I was so excited to find that it had been printed again! It is my favorite book!

The Weight Word Book is an excellent teacher resource for the upper Elementary School through High School level students. The stories are well written and engaging. The 'twists' at the end where the authors use a pun or word play to emphasize the vocabulary word in the story helps to cement the understanding. Even if you are not a teacher, if you enjoy short (2-4 page) stories with humor, craziness and a funny spin at the end, this book is well worth the read.

a wonderful book for young and old to learn new words in a way that you will always remember. Terrific illustrations.

This book has a great way of teaching "difficult" words to young children. My kids enjoy listening to the stories and using the new words they learned.

As a literacy teacher this book is perfect for students and educators. It is a new favorite of mine and has enhanced professional development for educators. I love the concept and the clever delivery is a high-light. The selected words, storyline and illustration make the words memorable.

This my favorite gift for school age children. They LOVE learning the new words. Of course the story helps them remember the meaning and they are proud that they have added an "SAT-type" word to their active vocabulary.

Great book to help students learn some big words using pneumonic devices. It's a lot of fun.
