After The Fact: The Art Of Historical Detection, Volume II

Synopsis

For more than twenty-five years, *After the Fact* has guided students through American history and the methods used to study it. In dramatic episodes that move chronologically through American history, this best-selling book examines a broad variety of topics including oral evidence, photographs, ecological data, films and television programs, church and town records, census data, and novels. Whether for an introductory survey or for a historical methods course, *After the Fact* is the ideal text to introduce readers, step by step, to the detective work and analytical approaches historians use when they are actually doing history.

Customer Reviews

Mark H. Lytle received his Ph.D. from Yale University and is Professor of History and Environmental Studies. he has served two years as Mary Ball Washington Professor of American History at University College, Dublin, in Ireland. His publications include *The Origins of the Iranian-American Alliance, 1941-1953*, *After the Fact: The Art of Historical Detection* (with James West Davidson), *America's Uncivil Wars: The Sixties Era from Elvis to the Fall of Richard Nixon*, and, most recently, *The Gentle Subversive: Rachel Carson, Silent Spring, and the Rise of the Environmental Movement*. He is co-editor of a joint issue of the journals of *Diplomatic History* and *Environmental History* dedicated to the field of environmental diplomacy. James West Davidson received his B.A. from Haverford College and his Ph.D. from Yale University. A historian who has pursued a full-time

writing career, he is the author of numerous books, among them *After the Fact: The Art of Historical Detection* (with Mark H. Lytle), *The Logic of Millennial Thought: Eighteenth Century New England*, and *Great Heart: The History of a Labrador Adventure* (with John Rugge). He is co-editor with Michael Stiff of the *Oxford New Narratives in American History*, in which his most recent book appears: *'They Say': Ida B. Wells and the Reconstruction of Race*.

THIS IS NOT A KINDLE E-BOOK. Be aware, this purchase is essentially nothing more than a scanned version of a printed book. The upshot to this is the page numbers actually mean something for citation purposes. The downside is that you lose literally all of the other benefits of an e-book. Text size doesn't scale, you can't leave notes/bookmarks easily, and the app itself doesn't do a good job of reading it. This is a piss poor effort, and sadly typical of the textbook industry. I have dozens of \$1 novels written and produced by amateurs that have better production quality than this. The content seems solid so far, which is why this has two stars. If you have the hard-copy version of this, I expect you'll be quite satisfied. But the digital version is awful. Find an "alternative" and save yourself the money. They are available.

A

Not bad for a textbook I had to get for a class. Does a good job explaining that historians, even the most professional, are subject to bias and the circumstances of their time. Take everything with a grain of salt and you'll be closer to the truth.

I love this book , came fast and in great condition.

Great book for generating historical thinking skills in students of history, adults and teenagers alike! A marvelous resource to use in Advanced Placement U.S. History classes - every classroom should stock both Volumes I and II.

Good products, excellent seller highly recommended. A+++++++

My son needed it for college. Half the price. Its great

I was reading over the book in my school's library that i just had to buy the book and of course it

was cheaper here online.
