The Party Food Bible: 565 Recipes For Amuse-Bouches, Flavorful Canapés, And Festive Finger Food

Synopsis

Planning a cocktail party or a night in with your best friends? Looking to create tasty delights that are guaranteed to get everyone talking? The Party Food Bible is the must-have guide to making easy and delicious edibles—in miniature! Served up on everything from skewers to spoons, the 565 recipes in this unique cookbook offer bite-size delicacies, stylish drinks, and scrumptious desserts that are perfect for cocktail parties, baby or bridal showers, wedding receptions, birthdays, or any festive occasion. Drawing upon the flavors and cuisines of Scandinavia, the Mediterranean, Asia, Mexico, and the United States, this indispensable kitchen companion offers novel variations on international classics and reproduces your favorite dishes on a small scale. Plus, practical tips help you master the basics of hosting only the best events. Master such elegant mini eats as: Prosciutto chips; Sushi sliders; Gazpacho shots; Noodle baskets; Deep fried spring rolls; And that's just to whet your appetite! Featuring a mouthwatering photo to accompany every recipe, The Party Food Bible will be your go-to guide to creating beautiful, easy, and oh-so-fashionable dishes that will be the life of your party! Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

He lives in Stockholm, Sweden.

Great ideas for "amuse-gueules". I made a few recipes for a baby shower and got compliments: Gougere (cheese pate-a-choux), mini quiches, mushroom and cognac vol-au-vent, and parmesan wheels were all successful. It inspired me to try my hand at eclairs as it uses the same base as the pate-a-choux dough given in the recipe book. I did have a look at youtube to get more comfortable with how to make them. The kindle version is not easy to use though, and I am sure the book is much better.

While this book has a lot of interesting recipes, potential purchasers should be forewarned that this book suffers from some of the worst editing that I have ever seen from what purports to be a publishing house. It makes me wonder if an editor even looked at the manuscript. Some of the errors I found in the first chapter included not specifying the size of the baking pan to use for salmon terrine recipe. In the salmon roll up recipe the instruction say to overlap the "roast bee" in a rectangle--there's no roast beef in the salmon recipe. Also, what size should the rectangle be. For the omelet roll ups, they don't specify the size of baking sheet to use--half sheet or cookie sheet.

Whenever a recipe calls for ingredients to be sautéed in a pan, and temperature is never given--should it be cooked over medium heat or some other temperature. After a while I got tired of counting the errors in it. If the publisher is going to publish more cookbooks, they should really invest in a copy of the book "Recipes Into Type" and a professional cookbook editor.

Ok book, my biggest complaint is on the kindle the pictures are too small. There are labels as to which appetizer is what on the picture itself, rather than in the captions. With the picture so small, even when you click on it to enlarge it, you are unable to read the names. I bet it worked well in the hardcover. The tiny pictures make them pretty much useless.

This book has many fun, classic recipes with tips for making the dishes ahead of time. Not a lot of photos, which is okay for me.

Really gorgeous book to read and review. I definitely will use it for my next party Recommend this to intermediate to advanced cooks as most recipes are a bit involved for an inexperienced cook

Wonderful collection of standard and imaginative recipes well worth trying.

There is any and everything you could ever hope for in this book! From brunch to cocktails and dessert this will be my new go-to.

Mindboggling great ideas and recipes. Hardly know where to begin making some of these gems.
