Customer Reviews

Larry J. Siegel was born in the Bronx in 1947. While living on Jerome Avenue and attending City College of New York (CCNY) in the 1960s, he was swept up in the social and political currents of the time. He became intrigued with the influence contemporary culture had on individual behavior: Did people shape society or did society shape people? He applied his interest in social forces and human behavior to the study of crime and justice. After graduating from CCNY, he attended the criminal justice program at the State University of New York at Albany, earning his M.A. and Ph.D. degrees there. Dr. Siegel began his teaching career at Northeastern University and has also held teaching positions at the University of Nebraska-Omaha, Saint Anselm College in New Hampshire and in the School of Criminology and Justice Studies at the University of Massachusetts-Lowell (UML). Now a Professor Emeritus, he continues to teach courses on Criminology and Criminal Justice in UML'S online master's degree program. Dr. Siegel has written extensively in the area of crime and justice, including books on juvenile law, delinquency, criminology, corrections, criminal justice and criminal procedure. He is a court certified expert on police conduct and has testified in

numerous legal cases. Brandon C. Welsh is a Professor of Criminology at Northeastern University and Senior Research Fellow at the Netherlands Institute for the Study of Crime and Law Enforcement in Amsterdam. He received his Ph.D. from Cambridge University in England. His research interests focus on the prevention of crime and delinquency and evidence-based social policy. Dr. Welsh has published extensively in these areas and is an author or editor of ten books.

If you're not buying this for a class, I wouldn't recommend it. But if you have to read it, it won't put you to sleep as much as other textbooks would.

Was what needed for school hope to sell it back when I'm done with it

Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•Ã Â Â'Â•damn
they won't let ya quit

I needed this book for a class. It came very fast and in perfect condition. Very informative. I would recommend this book to anyone.

Bought for a class, but after the class ended I decided to keep this textbook because it would be a great book for parents to read before their children grow into teens. Very interesting theories, ones that seem to fit well with some of the behavior I displayed as a delinquent.

Everything with the book was good! There was a minor dent at the end of it and a bit of highlighting but overall it was a great purchase!

Informational... yes. Interesting ... no. Now im not the type that has to be entertained. But the chapters are very long and boring. There is way too much information packed in. They should have condensed some stuff down, kept the important stuff, and tossed the crap that was outdated, disproved, or just plain repetative.

I was happy that my book was available so quickly. I was a little upset that I am not able to read it on my Samsung Galaxy 4 or my Ipod touch. Other than that I am very happy with this purchase.

Great price. Very helpful & saved me alot of money. I would strongly recommend everyone to rent from instead of buying.
