Employment Law In A Nutshell, Third Edition (West Nutshell)

Synopsis

This comprehensive guide provides an overview of individual employee rights. It focuses on problem areas such as physical safety, privacy and reputation, discrimination, individual rights protections in collective action statutes, termination of employment, and pensions. It contains new sections on restrictive covenants and trade secrets, and a short chapter on remedies.

Customer Reviews

Very useful as an introduction to the overall topic. This book provides a necessarily broad overview of employment law, yet does a good job of delineating the sources of this law.

As a layman, I have found this book to be very valuable. It is not a replacement for counsel, if needed, but it is great as an educational tool.

The book was very helpful and interesting. It enhanced the lectures from our instructor. I would recommend it to anyone.

Book was very easy to use and very informative. I liked the fact that it wasn't this gigantic book that I had to haul all over the place.

No complaints. The book came to my house very quickly, and book was very helpful for my final exam...I highly recommend this product to students.

I find this book useful for law students and particularly for practitioners. It not only gives a birds eye view of employment law, but covers potential claims a lawyer may file. While its analysis and coverage is shallow (hence, the 4 stars), it's just enough to help a lawyer dive into deeper issues through Westlaw or Lexus Nexus. Overall, I recommend this book.

This book is very good for those interested in employment law but who are not professionals in the field. I have recommended this book to my clients who are looking to improve their knowledge of employment law.
