Spirit Babies: How To Communicate With The Child You're Meant To Have

Synopsis

Am I Meant to Become a Parent? Why Can't I Conceive? What Is My Unborn Child Trying to Tell Me? In this reassuring, supportive, and accessible book, leading clairvoyant and medium Walter Makichen offers guidance to prospective parents eager to create a warm, nurturing environment for their soon-to-be-conceived-or-born children. Applying the wisdom and insights he has gained through twenty years of communicating with these spirit babies, Makichen helps you resolve issues about starting a family, actively participate in the psychic process of creating a child, and move past your worries and fears about becoming parents. From the seven essential chakras that link our body, mind, and spirit to why pregnant women are superpsychic, you'll discover:

- * How to create the energy that nurtures spirit babies
- * How to understand how past lives and chakras relate to your unborn child
- * The conception contract "what it is and what it means for you and your child"
- * How karmic pairings affect conception and pregnancy
- * Why miscarriages occur and what they can signify

Plus spirit babies and guardian angels, spirit babies and adoption, spirit babies and dreams, and much more. Featuring inspirational examples of couples who are now happy parents, as well as breath exercises and healing meditations at the end of each chapter, *Spirit Babies* tells you everything you need to know to become the parent you were meant to be. From the Trade Paperback edition.

Customer Reviews

I have been studying various aspects of reincarnation for most of my life, and found this book a beautifully written perspective to round off anyone's knowledge of the subject. I am due in November, and will be using many of Makichen's methods to communicate with my little angel. I HIGHLY suggest this book to anyone whether they expect to be a parent or not!

I recommend this book especially to women who are having a hard time conceiving or have had abortion(s) and miscarriages. It gave me much insight as to why things happen when the medical field is at a loss for reasons.

I adore this book and highly recommend it to anyone interested in the spiritual side of pregnancy. Some people might find the content little weird, but personally I really resonated with everything he said. I am convinced that it helped me get pregnant and that I have been able to communicate with my baby. It also has comforted my sister and her husband through a premature delivery. The author really addresses a multitude of questions and concerns about things that happen throughout pregnancy and I found everything in the book to be insightful and positive. I will be giving this as a gift to pregnant friends/family in the future!

It's a great book for any parent (or future parents), especially if you believe in reincarnations and past lives. Some stories in it will make you cry, some will make you smile, but it's all good :) I was amazing to know about preconception contracts and the fact that spirit babies actually choose their future parents in advance.

This book is amazing. Be prepared to feel a deep spiritual connection.

I very much resonated with this book and the messages regarding various circumstances of baby communication. It was significant for a number of situations with babies here and beyond in my life.

I loved this book. It came at exactly the time I needed to read it. Honestly, if you have any desire to

read this book, or if you feel like it might help you in any way, it will. I promise. Really, buy, read, you will love.

The book is well written, easy to read. Practices are also well described. Leaves a very good and positive energy behind.
