Customer Reviews

I suppose there isn't too much to be done with a baked potato, but this book has found some interesting ideas. It was just a pity that a lot were very similar to others in the book. Again photo would go a long way at making this book and recipes more exciting. Not too bad, certainly useful and easy to make

This Cookbook has so many different twist that make you want to eat more baked potatoes. I found

recipes that I never knew existed. I have tried several recipes all of them a delicious.

I wish there were pictures in this ebook. I finally got to taste baked potato with fried Apple's, I liked it. I also liked hot spicy mixed seeds in a baked potato, beef filled potato and chilli cheese baked potato.

Some nice Ideas for potatoes

Great ideals!

GREAT KINDLE READ!!!

Baked taters are so delicious and a lot better for you then fried ever hoped to be. Now I love some of these recipes and not others. But the ones I like you may not. So all I can say is try them and enjoy your day.

Still no pictures, just cover photo only, so I can't give it a five star; however, the formatting, ingredient lists and instructions are clear, concise with several hints for various pallets. Nice job and certainly not your simple backed potato with sour cream!
