Cloth Daisy Dolls

Synopsis

Gorgeous in their simplicity, the dolls personalities are created cleverly with different hairstyles, clothes and accessories. The basic model measures 16-18 inches in heights and the materials used are pure cotton jersey and wool with very simple stitching to define the shapes. Suitable for beginners, the book includes detailed step-by-step photographs showing how to make the basic doll, and beautiful close up photographs of the finished dolls and their wardrobes. All the patterns are full size and the author offers lots of good tips and advice throughout. Whether new to doll making, or experienced in the technique, crafters and sewers will love making these beautiful, appealing softies, and the how-to book makes the creative process an easy and enjoyable one.

Cute, adorable, soft and cuddly- daisy dolls are fun to make and embellish with pretty hairstyles, clothes and accessories. Create your dolls following the beautifully photographed, step-by-step instructions, then make them delightful little outfits using the templates provided at the back of the book. With inspiring images of the finished dolls and their clothes, daisy dolls are the perfect project for crafters of all levels.-Merseyside Embroiderers Guild It's what the book says simple cloth dolls but these rag dolls are cute, contemporary and very loveable. I am sure they make excellent friends. I think they are adorable, and you can easily change the face and make these your very own

characters. This book tells you all you need to know, in perfect step by step photographs with detailed instructions. Not only do you get the doll pattern template, but also templates for various clothes. This is a wonderful book for beginner doll makers. I am so excited about this book!! Last spring I bought two doll kits from Weir Crafts because I wanted to make my two daughters waldorf style dolls. I love the doll kits. The materials are very high quality as well as affordable. While the kits did come with instructions, I found them inadequate. I only got as far as making one doll head, at which point I gave up because I felt unsure of how to continue. I needed clear, visual, step-by-step instructions that I could look at while sitting at the table with my materials in my hands. Then I found THIS book at A Child's Dream online crafting shop. It is fully illustrated with clear drawings and gorgeous photographs. Every step of the doll making process is broken down further into step-by-step instructions. Beyond that, the way the hair is attached to this doll is ingenious!!! No crocheting a head cap, no seaming yarn on a sewing machine between papers (which is how I've seen it done in tutorials online). The way this author makes the doll head is so much easier and smoother than way I made the first one. And, the book contains all the pattern templates you need for doll body and limbs, and clothing and accessories too. It is an amazingly complete, clear, and beautifully illustrated resource. I have never made a doll before, have little crafting experience, and this book makes doll making totally and completely do-able for a novice like myself. Hooray - at last I can finish my daughters' dolls!!! Hopefully in time for Christmas! Thank you, Wenche O. Steensen!

This book has full size patterns and very clear instructions, with photos, for sewing and construction. This is the best book I have ordered as far as teaching how to make and place yarn doll hair. The only downside to the book is that it is European and all the material sources are foreign, I would have loved for them to find US equivalent sources for the skin fabric.

Really nice book on making dolls and their clothes. Easy to follow instructions in the book. A very complete set of instructions.

Overall, I really liked this book. The only thing is, and I found this with other Waldorf Doll patterns, they add the seam allowance after. Not sure why it couldn't be added to the patterns. I do wish she had more boy dolls, but overall a great book, I made my first doll with few complications!

Simple and easy patterns for both the dolls and clothes. It is so hard to find just basic clothing, and I love the fact that children will be able to dress their dolls themselves. So many modern dolls make it almost impossible for them to do this by themselves.

Great doll book, patterns easy.

awesome directions and helpful hints

Beautiful book with many variation for clothing. I would not call it Simple. I am a sewer and doll maker and I do not think this book is for beginners.
