These are do-able and simple.yet they sound yummy.I want to try the sweet rice pudding it has cherries and pistachios

Great book. Great recipes. Glad I added it to my collection. :)

Wish I noticed that it was black and white. It looks like I printed black and white recipes.

Good and easy to cook. Here in europe, the rice cooker is more of a niche product so i had to search abroad.Dexter has been recommended to me as one of the better recipeguys outthere - and his book delivered. All information you need per recipe is included: Clean, straight to the point, period. No flufftalk or 200 pages of stupid talk to fill up pages. Just the good recipes.Thumbs up!

This is a great recipe book to keep in the kitchen drawer. I usually buy these books on kindle before I buy them in the paperback version to get into the recipes and see if I want to add the book to my kitchen stash. I did decide to add this one for a few reasons. Recipes are easy. There are plenty of recipes that are familiar comfort food, like apples & quinoa and a good recipe for Spanish rice. Then there are a handful of interesting recipes that I haven't seen anywhere else like pomegranate and mint. This is a recipe that adds a little variety and keeps the kids asking me about new things. All in all, this book is a nice score and I'm glad I found it.
