1001 Things to Spot on the Farm (Usborne)

Love this book!!! Usborne has great search books!

great birthday present for 4YO!

Great Book for young eyes. You can keep finding new things the longer you look.

Everything is beautifully drawn. The sizes of different animals and other things are not too small. In comparison, "One thousand one things to spot in town" is another good book. It is more complicated and interesting but the things in that book are little bit small for young children to read.

My daughter is three and loves this book. Anything that can keep her sitting still for more than a few minutes is a winner in my book.

I love the Usborne 1001 Things to Spot books, they have so many fun things for kids to do packed into one book. Every page has certain things to spot and numbers of how many there are to spot - great for enforcing number recognition. Also there are tons of other things they hide on the pages for

kids to spot. Great book! Mine came in great shape and good time!

Fun!

very cute book for my 5 year old!
