# **The Gardener's Guide To Growing Daylilies**

## Synopsis

This book is both a comprehensive and wide-ranging study of the genus by one of the world's leading daylily growers and a practical guide for gardeners and collectors. It provides a wealth of essential advice on cultivation, propagation, and garden uses, together with an extensive A-Z directory describing hundreds of the very best daylilies for the garden. Enthusiasts will enjoy reading about the history, botany, and breeding of daylilies, and the accounts of daylily collections from all over the world including England, Europe, Australasia, and the United States. Special chapters on spider and exotic forms and dwarf and miniature daylilies - which are ideal for growing in containers and today's smaller gardens - complete this comprehensive and up-to-date survey of these fascinating plants

## Book Information

Series: Gardener's Guide

Hardcover: 160 pages

Publisher: Timber Press, Incorporated (September 1, 1998)

Language: English

ISBN-10: 088192461X

ISBN-13: 978-0881924619

Product Dimensions: 9.5 x 0.7 x 7 inches

Shipping Weight: 1.5 pounds

Average Customer Review: 4.5 out of 5 stars 6 customer reviews

Best Sellers Rank: #1,724,048 in Books (See Top 100 in Books) #72 in Books > Crafts, Hobbies & Home > Gardening & Landscape Design > Flowers > Bulbs

## Customer Reviews

Our popular ongoing series offers first-rate authors, an approach that is neither superficial nor overly technical, & excellent photographs.

Another replacement book. It was as I remembered from years ago.

Great Book on Daylilies

LLExcellent book.

A good reference book for the daylily fancier. The author gives a comprehensive description of the more well known cultivars, and includes both good and bad points. More photographs would have given it five stars.

I've read Munson's and Hill's books on daylilies and they are better for cultivating daylilies or provide a more in depth study. Grenfell's book is informative but not sufficiently detailed if the reader wants to cross cultivate or try to developing a cultivar. Better information is available on the internet websites.

This is a good reference book. Helpful information. More photos would have meant 5 stars from me - I love the pictures in daylily books.
