CRAVING HIM: Satanâ€™s Blazes MC

Synopsis

ANOTHER TASTE MIGHT KILL ME. BUT I CAN'T STOP CRAVING HIM. He came out of nowhere and made me his. I never had a choice in the matter. I didn't try to stop him. I couldn't. I can't. But as long as I belong to him, death is lurking around the corner. I was just doing my job. Taking care of people who needed my help. I didn't ask for all this: The fires. The blood. The bodies. It was too much for a girl like me to handle. I just wanted to ease pain, to bring joy to people's lives. Instead, I'm trapped in this bastard's house while he stares at me like a hungry wolf. He licks his lips. Paces around me. Lets me know the twisted fantasies burning behind his steely eyes. He says it is all for my safety. That, if I leave, I'm risking my life. I do want out, consequences be damned. But then he touches me, and everything I thought I wanted goes out the window. Now, there's only one thing I'm craving: Him. CRAVING HIM is a full-length standalone bad boy heist romance. Comes with additional bonus content. All sex occurs between consenting adults.

Customer Reviews

I received this book as a ARC in exchange for a honest review. I usually love Heather West books

but I really think she stumped her toe on this one . I really don't like to give bad reviews but in sorry this wasn't one of her best . First of all Jagger is a firefighter and in the MC . But he's kinda wimpy and that doesn't fit the MC image. And then there's Abby she's a Nurse just trying to make a living and stumbles into a murder/ arson situation. From the start Abby shows signs of a girl with mental and physical problems that's she's trying to work through. And Jagger just wants to stop the Fires and win her heart . Which would be a good story if he wasn't a MC guy , he's just to wimpy to hold that position. And the make out scenes were awful. I'm sorry I didn't like this book . But please decide for yourself... Sorry Heather West but it wasn't up to your usual standards .

I received this ARC from the author in exchange for my honest review. A fireman, Jagger, also belongs to the Satan's Blazes MC. Satan's Blazes MC members are being targeted by an arsonist and Jagger is investigating the fires. Abby is a nurse who cares for in home patients as well as working at the hospital. One of Abby's patients is a former Satan's Blazes member and now she is also being targeted. Abby wants in on the investigation but Jagger wants her to stay away for her own safety. They butt heads on more than one occasion. Will they be able to catch the arsonist without getting themselves killed in the process? The story, the characters, the ups and downs, betrayal and revenge are all part of the book. I loved every page of this book.²⁴
Aug 17 (Heather West)

Abby is a nurse and Jagger is the hot fireman who rescues her one night while she is caring for a patient. There seems to be a arsonist going around setting fires to some of the guys homes that are in the local MC. While trying to solve the mystery behind the fires, Jagger has to try and protect Abby now that the arsonist has their eyes on her. Can he keep her safe and figure out who is setting the fires before more homes are destroyed and life's are lost? This was a really good read full of twists and turns. It will have you hooked from the start. This is one book you don't want to miss. Highly recommend I voluntarily reviewed a ARC in exchange for a honest review

This book had me at fireman phew and boy was it hot. I loved this story from start to finish. Bagger who is a fireman and also a member of the Satan's Blazes MC is investigating what appears to be a arsonist that's targeting members of the club and Abby who is a home nurse as well as a nurse has a patient that is a member as well is being targeted and has put Abby in danger as well wants to help but Jagger wants to keep her safe. Will they be able to figure out who's doing this before its too late? I definitely recommend getting this book to find out what's happening next. I voluntarily

reviewed an Advanced Reader Copy of this book.

How do you become the target of an arsonist? That's what Abby and Jagger are trying to figure out. It seems that he's targeting members of Jagger's MC but Abby has nothing to do with them. How can he keep her safe and make her trust him. The other problem is that Abby refuses to just stay at the clubhouse so he can keep her safe. The other problem is that he can't stand the thought of her being hurt even though he just met her. Can Jagger save Abby and everyone else???? I was gifted this book as an ARC reader in return for giving my honest opinion. Enjoy the read!

Ok so normally I really enjoy Heather West MC books this one however wasn't like her others in my opinion. Jagger who is apart of the Satan's Blazes MC doesn't really have a big part in the club he is more of a firefighter the only connection to the club really is they arsonist he's looking for and them staying at the compound. Abby the nurse seems like she really has a lot going on and is very back and forth on what she thinks she wants. All these things between Jagger and Abby made this book hard to read for me. If it's a free book grab it but otherwise I highly recommend her other MC books.*I received an ARC of this book in exchange for an honest review*

I voluntarily received and reviewed an advanced copy of this book. Jagger and Abby have a very rough ride before they are able to get to their happily ever after. Both appear to be emotionally hurt from their past, which affects how they respond and react to current events. It is not a sweet love story because there is a lot of baggage and in the end you are just left with the hope that they will make it together. This is not a light feel good romance but it is a good read.

Fireman and a nurse with trust issues. Jagger was a fireman who was a member of MC group. Abby is a nurse with a past of dark and self inflicting problems. Together they attempt to solve a rash of fires involving members of the MC. A story of learning to trust and overcoming past hurts. Nice story with suspense. Received this book as an ARC for voluntary review.
