NEPTUNE ISLAND: A Fast Paced Action Adventure Thriller (A Lincoln Monk Adventure Book 1)

Synopsis

Lincoln Monk, ex-cop, left the rat race with a simple plan---travel the world, work along the way, and enjoy a stress-free life---life never goes according to plan. Lincoln hadn't been to the island in some time, and for good reason, he preferred to let old wounds heal. However, when receiving an encrypted data drive days after an old flame dies in mysterious circumstances, he feels compelled to find answers. In the midst of a raging tropical storm, armed with a never give up attitude, and help from an assorted group of misfits, Lincoln's investigation leads to an island fortress controlled by billionaire Jonathan Kane. Surrounded by impenetrable cliffs, deadly jungle, and an army of mercenaries, Kane will stop at nothing to protect his lethal experiments, his groundbreaking technology, and secluded island complex from prying eyes and the outside world. Reads like a blockbuster action film minute to minute action, cool guy humour. • UK reviewer A fun satisfying read the plot twists were clever and the perfect ending leaves you wanting more. Customer Reviews

A fun, satisfying read. The interplay between the characters and the talk on quantum physics were highly entertaining and the big reveal (no spoilers) was very reminiscent of the early Bond films. The plot twists were clever and the perfect ending leaves you wanting more. I finished it in one sitting and look forward to the next Lincoln Monk installment. PS...I've read the original and now the updated version and it's good to see the issues with the original have been fixed.

Found the book action packed and enjoyable to read. One error I noticed in the discussion on the Enola Gay which was actually a Boeing B29 Superfortress not a B52 Stratofortress as claimed in the book.

This book really is part Reacher part Cussler part Reilly and part Crichton . A very entertaining read thoroughly enjoyable

great fast paced action. Don't we all wish we were the hero in the story. Hard to put down once I started. Ended all too soon.

I really liked it. Nice easy reading at reasonable pace. Nice characters and storyline. Well done , onto the next one.

A good read for a long night.

It was entertaining and fun. It's obvious he's a new author as there are some historically factual errors and the plot needs help at points along with some grammar issues. A good editor could help

fix all of it, hopefully he finds one and continues to write. For the price it's a decent deal.

This book is enjoyable and worth reading.
