Fun With Angels Stencils (Dover Stencils)

Synopsis

Add an angelic note to almost any flat surface with these charming stencils. Included are six bold, clear depictions of celestial creatures with wings unfurled and arms upraised, blowing a horn, and in various other angelic poses. Youngsters will have hours of fun tracing and coloring these shapes, which also lend themselves to decorating walls, stationery, posters, and a host of other art and craft purposes.

Customer Reviews

These little books of stencils (I have a few of his) are fun to use with the kids. I like to sketch with them too. They are not made of mylar so probably won't last forever, but for the price and the fun of it, they are worth buying.

Pretty stencils. Simple designs. You could use them for backgrounds or centrally. Great for Christmas decorating. I would recommend this item. If you draw in the images on the stencils, then remove the stencil and color it in with paints, I think they are very reusable. I haven't yet tried to use them with acrylic paints directly. They are coated in a shiny film on both sides of each stencil.

waste of my time

fun easy to use

This mini book with stencils filled with great shapes that are very cute and very useful in so many crafts. I have been using the shapes on canvases, in decoupage projects, over christmas ornaments. One NOTE though, the pages in the book are paper, which makes stencils very fragile, and since I like to use my stencils more than once, I usually retrace the shape on the surface with pencil and fill it with paints of choice manually. For me, this purchase is a gift that keeps giving.

It came in 2 days. Great ready to use stencils!! Cute angels

We have many of the Dover little stencil books. The angels is most enjoyable as are the others we bought. We seem to find many ideas and uses for these little stencils that can be used many times. Very good product.
