Castles, Customs, And Kings: True Tales By English Historical Fiction Authors

Synopsis

A compilation of essays from the English Historical Fiction Authors blog, this book provides a wealth of historical information from Roman Britain to early twentieth century England. Over fifty different authors share hundreds of real life stories and tantalizing tidbits discovered while doing research for their own historical novels. From the first English word to Tudor ladies-in-waiting, from Regency dining and dress to Victorian crime and technology, immerse yourself in the lore of Great Britain. Read the history behind the fiction and discover the true tales surrounding England's castles, customs, and kings.

Customer Reviews

I was very disappointed. All it seemed to be was a group promotion for the author's various books.

Great book for English history lovers. Excellently researched. The author really knows "her stuff."
Comes in two volumes.

True romance writers have a need to incorporate relics and stories of the past. This is a lovely

compilation of serious romance writers findings. Most interesting.Â ROMANCE: Medieval Romance: A Wild and Regal Love: The Maiden's Wolf Brigade, An Ancient Historical Medieval Romance (Ancient World Historical Romance x Medieval to Regency Romance Book 1)

Being an Anglophile, I read a great deal of historical fiction about England. The first stories I read in this book were fascinating . This is the kind of book I shall refer to over and over. I am extremely pleased with this purchase.

I love the fact this is full of short essays on interesting topics. Great for commutes to work on the bus or train.

I am learning a lot from this book. Each chapter and article is a short story in itself.

If you love history, and details and want an understanding of the history of the UK, this is the book. I love it!

This is a book with a unique format that I thoroughly enjoyed. It is a series of essays or blog posts on British history starting with Caesar's landing at Britannia, each by a different author. The writers are British history experts who pen historical novels, and each essay is on a topic that fascinated them while pursuing info about a particular subject. Since each entry is self-contained, this book is just great for a quick read to distract yourself, or a lazy, rainy afternoon when you can just immerse yourself. I found it to be a great comfort to me while I stayed by my mother's bed in the hospital during her recent serious illness.
