Never garden alone! The Month-By-Month series is the perfect companion to take the guesswork out of gardening. With this book, youâ™ll know what to do each month to have gardening success all year. Written by authors in your state, the information is tailored to the issues that affect your garden the most. --This text refers to an out of print or unavailable edition of this title.

Walter Reeves is known as "The Georgia Gardener." He is the award-winning host of the very popular Georgia radio program "The Lawn and Garden Show with Walter Reeves." He is an easygoing, instantly likeable, funny guy who has an immense knowledge of plants and gardening. As a Georgia Extension agent (now retired after twenty-five years of service), Walter gained an enormous in-depth knowledge of plants, plant culture, and plant problems as he helped educate the public about plants. Walter is the original co-author of the Georgia Getting Started Garden Guide (Cool Springs Press) as well as the co-author of Month-by-Month Gardening in Georgia (also for Cool Springs Press).

I bought this book for a friend who moved to GA. I looked through it and (to me) it seemed confusing as to how the chapters were laid out. I expected month by month, but instead it was many categories and each one of them was organized month by month. Over all, though, the information was very interesting and useful.

Since I am new to Georgia (moving from a completely different climate - New Mexico!), I really wanted advice on when to plant, prune, fertilize, etc. in my yard. This book is great. Just go to the month and it will tell you everything you need to know about what you should be doing in the yard that month. Just what I was looking for (but never expected to find)!

wife loves these!

This is my go-to for the maintaining of my yard. I love most how they detail each month in slow, doable chunks.

As a new gardener and new resident of Georgia, this book has been indispensable. I love it!

I'm a novice gardener and this book provides the best format and information regarding what to plant, prep, and care each month. It is an invaluable guide.

Month by month sections for lawns, shrubs, annuals, bulbs, edibles, trees, perennials, vines, and even roses. Specifically for the state of Georgia. It is a concise guide for everything outside.

Wonderful informative book for gardening and lawn care.
