Customer Reviews

Did better without reading it.

the book is funny. It is meant to be just for jokes. do not hurt the feelings of anyone with it.

Only a couple funny, OK..... You could could do better, really roast em. Nice try though loser. Oh, yeah they still win more than u.

Fifth grade thinking at it's best. This book is funny and worth the time to read. A fun refresher

course.

Funny but too short This was a really good insult book, only that it's really SHORT. It would be a lot better if this book was longer. I would like it to be at least 50-100 pages long. I liked it even though it was short.

this book is a great way to kick those dumb 8th graders butts for them! I'm 11 and in the sixth grade and this is a great way to beat them at their own game! if you LOVE THIS LIKE I DO then you will also crave for other books by Clown Factory!! TAME 'EM DOWN FELLAS AND ENJOY BEING RUDE!

If this book would improve your bank of insults you should stick to looks. The insults are not creative or funny for the most part. Let's say the book fills a badly need void.

A short read to occupy time share with someone to prevent awkward silence, but nothing near an intelligent breakdown. It's sensible not far reaching nor does it tear a heart out.
